Surgical Release Form

Southside Animal Care, Inc.
129 Meadovista Drive
Griffin, GA 30224

Surgery Safety Package

We take your pet's safety seriously and work to limit those risks to make sure anesthetic experiences are safe. We do this by a variety of ways. All surgical patients will receive, a pre-operative examination, individual anesthetic protocols, diligent anesthetic monitoring, PRE-OPERATIVE BLOODWORK, and INTRAVENOUS FLUIDS during the surgery.

Laser Surgery Package

We now offer optional laser surgery for your pet and therapy laser treatment after the surgery. Laser surgery results in less bleeding and postoperative pain. The therapy laser reduces pain, reduces inflammation, and speeds the healing of your pet. If you would like to have the laser surgery package, the additional cost is $78.50

Yes: Perform laser surgery ____ No: Do not perform laser surgery ____

For pets being spayed: If pregnant, do you want her spayed? Yes ____ No ____
There are additional charges for spaying pregnant dogs, depending on size.

If your dog has retained baby teeth, would you like to have them removed?
There is an additional charge of $76.00 Yes ____ No ____

Anesthesia/Surgery Release Form

I understand general anesthesia will be used and that there are some inherent risks associated with anesthesia. The doctors will apply accepted anesthesia techniques to minimize the risks.
